Three.js, Babylon.js, PixiJS, GSAP, Lottie.js

Cloud

AWS, Git, GitHub, deployment and production support

MOBILE DEVELOPMENT

- Android development - 3 years
- iOS / iPhone development - 2 years
- Java - 3 years
- Mobile applications for GID, Zecar and Gideon

EDUCATION

Computer Science

Kharkiv National University of Radioelectronics
2012 - 2017

LANGUAGES

English | Ukrainian

Full-Stack Developer

9+ YEARS | WEB APPLICATIONS | ERP | PRODUCT DATA | MOBILE

PROFESSIONAL SUMMARY

Full-stack developer with 9+ years of experience building production web applications, C#/ASP.NET and Node.js backend systems, data pipelines, Android and iOS applications, and interactive WebGL experiences. Delivered GID Industrial ERP and product-data workflows, Zecar's EV marketplace, and API-driven digital products from requirements through deployment.

PROFESSIONAL EXPERIENCE

Full Stack Developer

Jan 2024 - Present

Freelance | Self-Employed

- Design, build, test and deploy custom web applications, internal tools and data-driven platforms for startups and established businesses.
- Own delivery from requirements and architecture through backend APIs, responsive interfaces, AWS deployment and production support.

Project Manager & Full-Stack Developer | CEO | QA

Jun 2026 - Jul 2026

TraderFriend

- Led delivery, full-stack development and QA for an API-driven sports-trading platform; coordinated roadmap, product quality and release work.

Back End Developer | Product Data Engineer

Mar 2025 - Jun 2026

GID Industrial

- Built C#/ASP.NET ERP workflows for leads, quotes, purchasing, sales, invoices, returns, sourcing, inventory, reporting and administration.
- Developed large-scale product-data pipelines and contributed to Android and iOS application workflows supporting business operations.

Full Stack Developer

Jan 2024 - Feb 2025

Zecar

- Built an Australian EV discovery and shopping platform with structured vehicle data, advanced filtering, comparisons, content and offers.
- Delivered responsive web experiences and Android/iOS mobile application functionality.

HTML5 Animator

2023 - 2024

PureRed

- Created rich-media campaigns using HTML5, JavaScript, GSAP, Three.js, PixiJS, Lottie.js and Adobe tools for clients including Microsoft and TD Bank.

WebGL Developer

2021 - 2023

Haddad and Partners

- Built interactive 3D applications and browser-based product configurators using WebGL, Three.js, Babylon.js, PixiJS and GSAP.

SELECTED STRENGTHS

C# / ASP.NET

React / Next.js
